

Our Products

Panels

- Zero micro-crack panels, tested for highest efficiency
- Compliant with MNRE's Domestic Content
- Bi-facial Half Cut Monoperc Panels | 144 cells
- 25-years warranty

On-grid Inverters

- World-class, field-tested for Indian conditions
- Consistent generation, even with fluctuating grid
- Seamless monitoring with app integration
- 8 years product warranty

Balance of System Components

- Branded cables, connectors and other components
- Pre-tested for durability and safety
- Installed to last, not just pass inspection

Structures

- IIT-certified, corrosion-resistant structures
